

# Download Fuel Cells: Market Survey Report

The refueling challenge. Production of hydrogen-fueled cars is limited because people won't buy those cars if hydrogen refueling stations are not easily accessible, and companies won't build refueling stations if they don't have customers with hydrogen-fueled vehicles. Analyst Reports description. Introducing the Global Interconnection Index. Published by Equinix, the Index is a new global baseline that tracks, measures and forecasts the growth of Interconnection Bandwidth, a key driver of performance in the digital economy. Cargill and Royal DSM to establish joint venture to bring zero-calorie, cost-effective sweeteners to market faster. Together, the companies will produce highly sought-after, sweet-tasting molecules, such as steviol glycosides Reb M and Reb D through fermentation, giving food and beverage manufacturers an even more scalable, sustainable and low cost-in-use solution than if these same molecules ... The "New Energy Economy": An Exercise in Magical Thinking 2 About the Author Mark P. Mills is a senior fellow at the Manhattan Institute and a faculty fellow at Northwestern
